About Me

A dedicated and passionate **Web | Software | Mobile | Game developer** with a knack for bringing projects to life while sticking to top-notch standards.

Experience

Mar 2023 - Present
CRAVE ASIA

WEB / UNITY DEVELOPER

- Developed customized web and software solutions for diverse clients, resulting in tailored solutions for client needs.
- Updated old code bases to modern development standards, improving functionality.
- Documented technical workflows and knowledge to educate newly hired employees.
- Led version control efforts for organization, employing public, and open source repositories.
- Provided front-end development support, creating visually appealing designs that aligned with brand standards.
- Created easy-to-use APIs for third-party integrations, enhancing the functionality of existing applications without compromising on performance or security.
- Developed functional databases, applications and servers to support websites on back-end.

Sep 2020 - Dec 2022
